

SHOWCASING

Monday 18 November 10:30AM-12PM

ART 2-17 and B 1-1

Prep

BEFOREHAND (Fri/Sat/Sun at the latest)

Get access to B 1-1 and ART 2.17, Set Up, Test, Test, Test,...

Make sure that your slide presentation and project installation work as intended.

Matapolis team

Take care of installation logistics: disposition of all installation elements, e.g. tables, panels, chairs/seats, rigs, electronics, cables, boxes, etc.

Eco Hero 3000 team

Hook up the mobile device to the projection system.

Both teams

Ask friends to rehearse the demos and be ready to demo yourselves as a backup.

Invite friends and pros to join us and see your works.

Timeframe

Up to 35 minutes per team – this will be timed:

5 min Setup

20 min Showcasing

10 min Q&A and Comments

5 min Relocation

Showcasing (20 min slot)

Do a project overview with slide projection (5 min)

+

Demo/Tryout by the audience (15 min).

At least one team member should photo/video document showcasing of their team.

Edit this material and include it in the submission package (due 24h after showcasing).

Teams Order

1. Eco Hero 3000

2. Matapolis

Post

Allocate time after showcasing to reset and clean up the truss room.

Edit the showcasing documentation and include in the submission package.
