

### Tasting Kimchi

This is my visualization of a mouthful of kimchi using 3 colours to denote the 3 different flavours that one experiences while tasting kimchi. **Chrome** for the sourness; **Red** for the spicy flavour and **Green** for the pungent flavour of onion. The width of the lines shows the intensity of the flavour and the length shows the crunchiness over a horizontal scale of time

### Tasting Rose Jam

This is my visualization of a teaspoon of rose jam using 2 colours to denote the 2 different flavours that I experienced while tasting rose jam. **Chrome** for the sourness and **Blue** for the sweetness. The width of the lines shows the intensity of the flavour and the length shows the texture of the rose leafs present in the jam over a horizontal scale of time
