INT ENCLOSED ROOM. AFTERNOON.

The room has two people sitting at the table. One is a lady dressed in a smart casual manner. This is Nancy Drew. She is facing a man(girl) dressed in a long jacket and is looking down, not making any eye contact with Nancy. This is Newt Scamander.

NANCY (TO NEWT)
So, Scamander, I finally caught you. I have been tracking you down for years and I finally caught you. You have been capturing witches and wizards all across the world and training them in yours so they could bring harm to the world.

NEWT (TO NANCY)
It's not what you think

NANCY (TO NEWT)
Oh. Is that true?

Nancy threw a pile of articles on the table facing Newt. Newt continues to look down as he is denying this situation.

NANCY (TO NEWT) (CONT'D)
I found some evidences of how people are being possessed by wizards all across the world and yet you are denying it?

NEWT (TO NANCY)
It was not on purpose.

NANCY (TO NEWT)
So, you are saying it is a deliberate movement? Then, you should be ashamed of yourself Scamander. Not teaching them properly and calling yourself an expert of all wizards. You shall be sentenced to prison for causing harm to many in the world.

Nancy took her evidences and walks to the door.

NEWT (TO NANCY)
They are wild wizards. They start to grow mentally insane and abuse their powers once they are in control of their powers. I came here to take them back and train them for the better.

Nancy unties Newt and releases him.

NANCY (TO NEWT)
You are lucky Scamander but I am
not giving in to you yet.

Nancy follows Newt to a room where the wild wizard is. She
sees Newt talking to the wizard. Newt comes out of the room.

NEWT (TO NANCY)
She may need more time to settle
down.

NANCY (TO NEWT)
You are a person full of justice.
And so am I.

Nancy walks round Newt and stands behind Newt. She then ties
the rope around Newt's wrist.
