

PANDORA
REVISITED

'elle'
the key

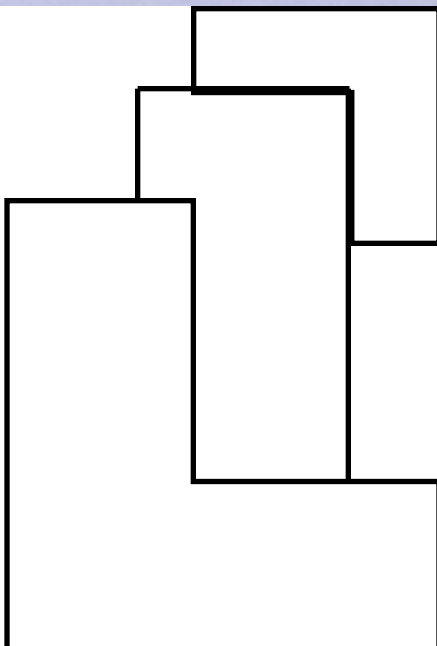

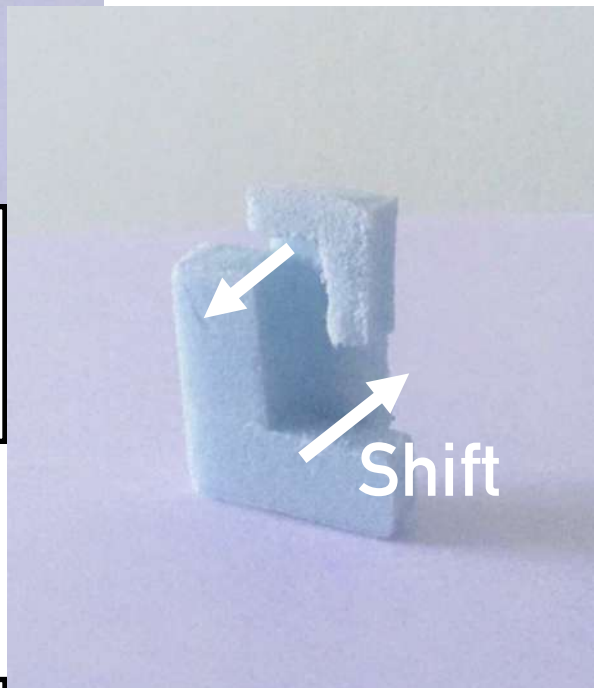

known as 'eLLe' , it is said that this is the only configuration that can open the mysterious door in Antarctica. However, it must be made of ice.

Dr Pandora has been researching on achieving this configuration and these keywords seem to bring her closer to the key.

After numerous attempts, Dr Pandora finally seems to have got the configuration right and has created the ice key.

**Will it be able to
open the door?**

END.
