BALIK KAMPUNG

Geylang, sipaku Geylang,

HDB
Lapis Pink

*I start to uncover hues of pink,
As cold concrete deminish
Hints of personality missing,
like white layers of the kuih lapis*

*I love to see merah jambu,
Baju kurungs worn by a family
Now to see it here too,
Is only on this HDB*

CARPARK
Keladi Purple

*As a little girl I would see,
our beautiful minahs
Dressed like royalty,
donned in their purple kebayas*

*The colour also floods within,
along the ingredients in our kuihs
From the signature keladi,
our iconic kuihs will never stray*

Geylang, Si rama-rama,

*I try to find nuances peeping,
in a place that is stark
But ungu in this concrete city,
are only on the walls of a carpark*

Pulang, Marilah pulang,

*From my favourite ketupats
and ondeh-ondehs
Hijau is a colour at heart,
that will never go away*

*So let's go back,
to iconic Pop Yeh Yehs
As now reminders of that
are only pop of colours leh*

SHOPHOUSE
