

HOMELESS SINGAPORE

# NO GROUND TO STAND ON

Homelessness exists in Singapore. The first study done in 2019 estimates the scale of chronic street homelessness in Singapore to be around 1050.

## TYPES OF HOMELESSNESS

### PRIMARY

or absolute homelessness, described as chronic street homelessness; being "roofless".

1050

### SECONDARY

also known as being "houseless". People living in transitional or temporal accommodation.

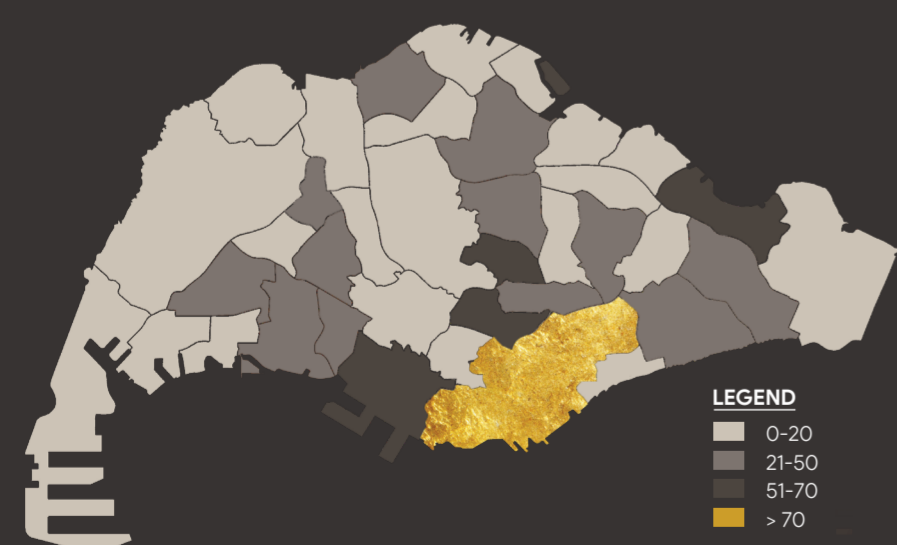

1990

### TERTIARY

refers to people at risk of becoming homeless, or those living in inadequate or insecure accommodation.

unknown

## TOP 5 HOMELESS DISTRICTS

DISTRICT	OBSERVATIONS
City	241
Bedok	74
Kallang	55
Tiong Bahru	47
Ang Mo Kio	46

## DID YOU KNOW...?

Not having an address affects the likelihood of getting a job.

They don't have it.

No access to hygiene facilities is as bad as undernourishment.

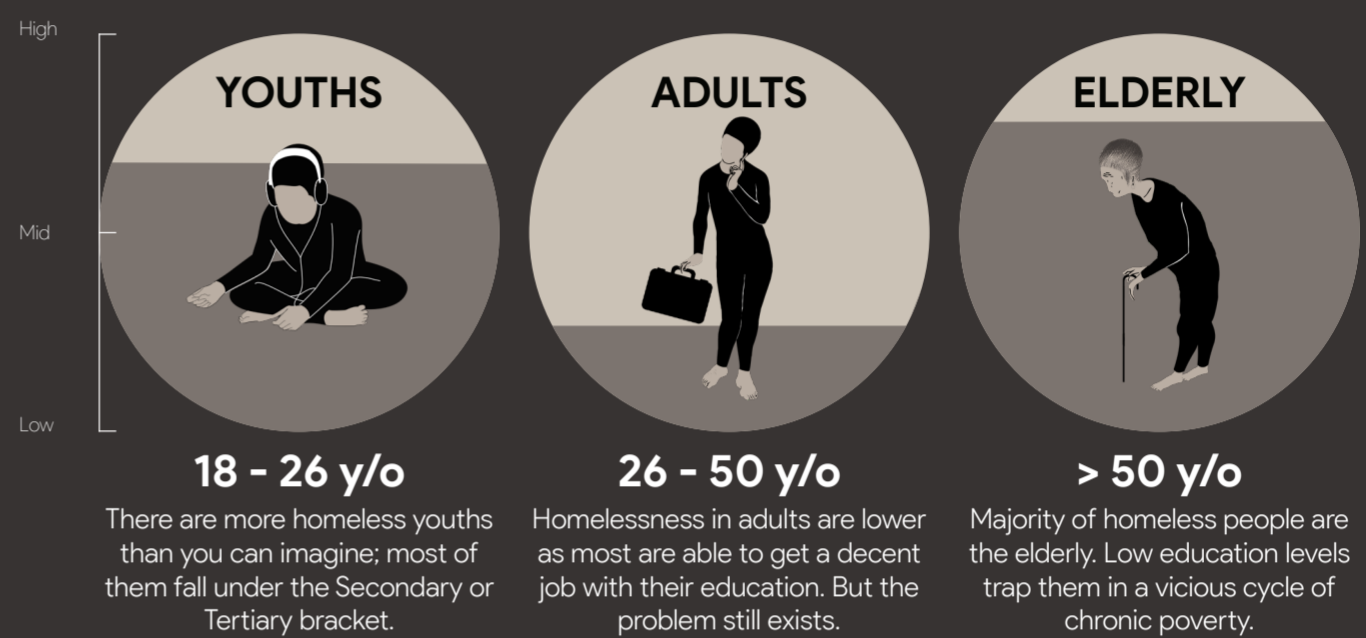

They can't enjoy it.

The Destitute Person Act makes help-seeking illogical.

They suffer from it.

## AGE & DEMOGRAPHIC SPREAD

## MOVING FORWARD TOGETHER

### WHAT ARE WE WORKING ON?

#### A Key Fob:

Gives the homeless people free access to showering facilities/amenities available in public swimming pools. Doubles-up as a key to open up lockers.

#### Public Lockers:

Provides each homeless individual a private space to securely store their belongings and a tagged address in order to receive their post or mail.

### WHO CAN HELP THEM?

Why you my **Dear Working Adult!**

If you are **26-49**, we would love for you to fund, join and help us!

Let's do our part to help our fellow men **RISE UP** to the challenge!
