ABOUT

THE CARE PROJECT is a community engagement project about the lives of the marginalised. Homelessness is still a problem for our tiny first world nation. Unheard, unseen, and unsupported, homeless individuals struggle to regain their stability. Frankly, many have already lost more than just their homes. The care project focuses on drawing strength from society; from you and from me. Our concerted effort as a community will give our fellowmen a glimpse of love and hope. #careprojectsg
