

# OSS Quick Guide: Taxonomies for student sites (tags)

In this guide, you will learn how to review your student's tags in the context of a Tag Cloud

## Steps / Action Descriptions

1. The tags are displayed as a tag cloud with the commonly used tag/word in larger font size.

### Student Tags

Over time these tags can represent the general aesthetic or design sensibility of a student as they show the major ideas that the student has developed over the period of a semester – revealed in the tag cloud.
