A man pleaded guilty to one count of animal abuse on Tuesday (May 10). Lee Wai Leong, 41, threw a male cat 13 storeys to its death in October last year because the cat “had been very noisy”, the court heard.

Lee, who suffers from moderate intellectual disability and has never been employed, picked the stray cat up from a staircase landing on the ground floor, took a lift up and threw it off the parapet of the 13th floor.
